XIAMEN SEALS TECHNOLOGY served as a leading rubber component manufacturer in China, known for innovation and continuous improvement. Our products have been approved for industries, automotive, semiconductor, medical, drinking water, food & drug equipment, sanitary and various industrial grades etc.

It is our mission that motivates us to contribute efforts to the better world that XIAMEN SEALS will become a world class manufacturer with the best sealing products.

Our factory is of advanced technology and equipments, including mould tooling & plating, compound mixing, compression moulded forming, packaging machines, production equipments, inspection devices, scientific management, especially learning from Hong Kong & Taiwan experience & concepts. The factory produces qualified products in complete specification in standard such as C1976, ISO3601, JIS2401 etc. The timely delivery relies on more than 5,000 mould toolings and sufficient stock with hot selling products to all over world. It ensures positive growth for mutual benefits with better quality, excellent service & continue innovation and improvement as teamwork and strong partnership.

Welcome to join in us!

Orings & Seals application

We offer standard O-RINGS(AS568), Metric O-rings, JIS O-rings, BS O-rings, Spliced or Vulcanized O-rings, O-rings by material, Custom Molded O-rings, O-ring kits.

Our operational application temperature limits:

EPDM 70: -45 °C to +130 °C

FKM: -15 °C to +200 °C

HNBR 70: -30 °C to +150 °C

NBR: -30 °C to +100 °C

VMQ 70: -55 °C to +200 °C

Types of O-ring compounds

FKM (Viton®)

BUNA-N (NBR)

Hydrogenated BUNA-N (HNBR)

Chloroprene (Neoprene®)

EPDM

FFKM

Silicone

Flurosilicone

Natural
